## **VIKING HILLS NEIGHBORHOOD RECONSTRUCTION**

Dear Residents:

### **Neighborhood Reconstruction Schedule**

Due to weather delay and a scheduling conflict, the contractor was unable to get the re-grading machine for work on Gleason Court, Vernon Court and Vernon Hills Road. At this time, crews are scheduled to do the re-grading of these roadways the week of June 11.

Crews will continue working on Arctic Way installing the new sump drain tile line behind the existing curbing. Once they have completed working on Arctic Way, they will move to Polar Circle and Glacier Place.

### **Cured-in-Place Pipe (CIPP) Sanitary Sewer Trunk Pipe Reconstruction**

Crews have completed lining portions of the sanitary sewer main pipe on Arctic Way, and Glacier Place as of today.

There is no anticipated lining work on Gleason Court, Vernon Court or Vernon Hills Road as the sewer system is in good shape.

Friday, crews will be complete sanitary sewer lining on Polar Circle. You should have received a notice at your front door if you are affected. Remember, you will be without sewer service for up to 12 hours. We prefer that you do not use the shower, wash clothes, do dishes and limit flushing your toilet. You will be notified of the exact date and time when this work will take place.

If you were notified, please pour 1 gallon of water down every drain to fill your plumbing traps with water. This will prevent odors associated with CIPP work from entering your house through your private sewer service pipe. You will notice a cloud of steam from the work area and you may smell an odor similar to that in a hair salon or auto body shop. This is normal.

### **Irrigation and Pet Containment**

If you currently have an irrigation system or a pet fence, it may be damaged during construction. If your system is damaged from construction, the contractor has a kit to temporarily repair damaged area so the rest of your irrigation will still work. Damages will be repaired to these systems by the contractor just prior to site restoration, towards the end of the project.

## **Safety**

Please remind your children to stay away from construction sites, construction machinery, and stockpiled materials. These sites, machines, and materials can be dangerous. Job site safety is our number one concern.

## **Who to Contact in an Emergency**

During a life or property-threatening emergency, call 911. You may also call the Edina Police's non-emergency phone at 952-826-1600 for assistance. Dispatch has a contact list for the project.

## **Who to Contact with Questions and Concerns**

Please feel free to contact me if you have any questions or concerns. I can be reached in the office at 952-826-0444 or [akuznia@EdinaMN.gov](mailto:akuznia@EdinaMN.gov)

Please encourage your neighbors to sign up for City Extra emails.

Sincerely,

Aaron Kuznia  
City of Edina – Construction Project Manager
